# Shifting Gears: Waste as a Resource

**Brett Lemin**

Executive Officer

Victorian Waste Management Association (VWMA)

# Official Welcome

# Topics

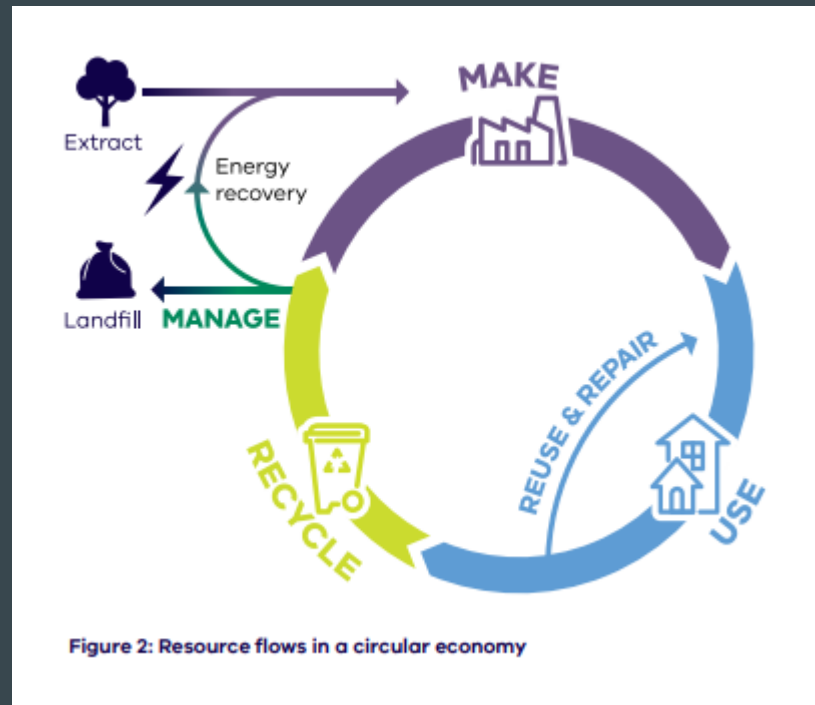

- A circular rethink – the roadmap ahead for resource recovery
- Best practice waste management strategies
- Waste innovation
- Community Education

## A circular rethink – the roadmap ahead for resource recovery

*“The circular economy is not a waste strategy it is an economic policy, a roadmap to accelerate our transition to a clean economy.”*

**Matt Genever, SV**

The circle of Life?.....

# Recycling isn't Cheap

# A circular rethink – the roadmap ahead for resource recovery

# Best practices and waste innovation

# Best practices and waste innovation

# Best practices and waste innovation

- What is Best Practice?
- Know where your waste goes
- General Environmental Duty
- Chain of responsibility

# How can Local Governments drive innovation in the waste industry?

- Purchasing of recycled goods made from locally recycled products
- Contracts
- Collaborations/Joint Ventures
- Community Programs
- Accurate data collection

# Community education
